You are all invited to a free, family-friendly road safety event taking place at Millennium Square in Leeds on Thursday 14 August.

It is running from 10am to 4pm and includes interactive stalls, emergency service vehicles, a reaction tester, cycling support and much more. You will also be able to have your say on road safety.

The event has been arranged by the West Yorkshire Vision Zero Partnership as part of their work to reduce all road deaths and serious injuries in the county to zero by 2040.
