

Is Your Vehicle Secure?

- Don't leave your expensive belongings like your mobile phone or laptop on show in your car. Remove all valuables from your vehicle when leaving it unoccupied.
- Always remove your in-car electronic equipment, particularly sat-navs and car stereos. Remember to rub off any marks on the window left by your Sat-Nav holder.
- Registration plates are attractive to a thief. Fit tamper proof plates and/or screws.
- Unless you can park your vehicle in a garage or on your drive, park in a well lit area that is visible to other people or covered by CCTV. Thieves are less likely to break in if they can be seen.
- At home don't leave car keys next to a door or window - thieves sometimes break into houses to steal your car keys.
- Always lock your car when leaving it unoccupied - even if it's only for a minutes.
